Minden Winter Carnival Smashing Success Over Weekend

This past weekend was the 11th annual Minden Winter Carnival — and what a success! The committee under chair-

man Ed Pettinger, and all those who helped and participated can be congratulated for a show that was really great.

For the kids, the high light was seeing and talking to Johnnie Bower, the famous goal tender of the Toronto Maple Leaf

hockey club. John participated in the parade, the opening ceremonies and dropped the puck to start the Novice hockey game. He was kept busy the entire time here signing autographs for hundreds of kids.

The Indian Dancers, who were very good, gave Johnnie Bower a tribal name, Dah-Hosay Ha-Rah, which means "He who stops the puck". Chairman Ed Pettinger was also given a name by the tribe, Rah-Sah Mah-Wahnah, which means "High Office".

Ted Campbell, Master of Ceremonies for the weekend did a fine job, as did piper Earl Cooper, with his pipes and costume. Mr. Cooper has been in most of the Carnivals and adds plenty of colour to the festivities.

The Brampton Clown Band was back again, you have to hand it to these fellows, they certainly can liven up the activities.

The Red Nites of Massey Ferguson certainly were one of the big attractions of the weekend. They put on several performances of precision driving, (Continued on Page 5)

NEW COMMUNITY CENTRE GENERAL MEETING

On Monday, February 8th at 8 p.m. in the Municipal building there will be a general meeting to discuss ways and means of raising money for the new community centre. All those who are interested are asked to attend.

DONATIONS RECEIVED FOR RECREATION CENTRE FUND

OBJECTIVE \$75,000 — Total To Date \$17,309.70

Each week a list will appear in this paper of those who have donated to the Recreation Centre Fund.

Mr. and Mrs. James King and Agnes Hillborn
Webster New York \$100.00
Floyd Hall Limited, Minden \$500.00
Donald J. Finn, Haliburton \$500.00

ARENA BOARD MET - DISCUSS ENGINEER'S REPORT ON MINDEN ARENA - REG BOOTH RESIGNS

On Tuesday, January 27th., 1971 the Arena Board met to discuss the results of the Engineers Report, on the condition of the Minden arena.

The report was made by Totten Sims Hubicki Associates Limited and read as follows:

January 15th, 1971

The Reeve and Members of Council, Corporation of the Townships of Anson, Hindon and Minden.

Attention: Mr. Richard Parisotto
Clerk - Treasurer

We are enclosing herewith four copies of our report on the Structural Investigation of the Arena in Minden.

Our structural appraisal of the Arena revealed that several structural components function under very minimal or no margin of safety at design snow load condition. In general, the Arena does not meet current building code requirements under the design loads.

For the standpoints of public liability, safety and economics, we do not recommend that Council attempt to prolong the life of the Arena, and that the Arena be closed and dismantled.

In the event that Council authorize continued usage of the Arena for the remainder of the 1971 hockey season, it is imperative that the following be observed:

1. All snow must be removed from the Arena roof before occupancy, and that the Arena not be occupied when high winds are forecast or prevail.

2. Appoint a responsible local person to maintain a careful watch on the building to detect signs of distress and movement.

Yours very truly,
R. L. Windover, P. Eng.

Content of Report:—
General:

Further to the request received through Mr. R. L. Windover, we have carried out an inspection of the Arena in Minden. The purpose of our inspection was to appraise the present condition of the building and to provide our comments and recommendations.

Examination:
Since the original working drawings and specifications for the arena are not available, our findings and recommendations are based on a visual inspection

of the building and structural investigation of component members where field measurements could be taken. It must be appreciated that a visual inspection cannot fully permit an accurate evaluation of the capacity and internal condition of structural members, particularly in areas where there is evidence of cracking and high moisture content in member. Many unknowns exist which are hidden from view. A visual inspection such as we carried out does not ensure that all critical deficiencies were detected. For this reason our report is submitted without prejudice to our firm.

The arena was inspected by A. C. Wong, P. Eng.

The building structure consists mainly of timber frames with knee bracing at approximately 16' - 0" centres, supported by concrete foundations. Wood purlins spanning between the frames support the sheet metal roof and siding.

The arena is situated in relatively low area.

Observations:

The following are observations (Continued on Page 2)

Engineer's Report On Arena

(Continued from Page 1)
 which have some structural significances:

1. Punctures in sheet metal roof and end wall siding exist. Water leaks through these openings causing a high moisture content condition in the structural timbers which would considerably reduce their load carrying capacity and cause deterioration.

2. Structural timbers in frames are in relatively good condition with cracks and splits occurring in some members. Sign of high moisture content in the members could be observed.

3. The timber frame legs which sit 2" X 10" wood plates, are supported by concrete piers and connected to the piers by steel side plates and bolts.

As the piers are rather low, the frames base assembly are subject to severe moisture conditions. Signs of deterioration in steel plates, bolts and the wood plates could be observed.

4. Most of the wood plates under the frame legs have been crushed by compression force from the frames and the thickness has been reduced from approximately 2" to 1/2".

5. Concrete piers have tilted outward.

6. Alignment of frame appears reasonable.

Design Criteria:

The design criteria for evaluating the structural capacity of the timber structural components is based on the following:

1. National Building Code of Canada and supplement.

2. Timber construction manual.

3. Field observation and measurement where possible.

According to the Code, the design roof snow load for the Minden location is 52 P.S.F. Since the arena is situated in a low area, the occurrence of a higher roof snow load is possible.

For the component structural analysis, we have assumed that the type and grade of timber is structural grade, spruce (or equivalent) with approximately 10% reduction in strength for members in frames and 33% reduction in strength for plate under the frame legs, due to high moisture content condition.

It is not theoretically possible to analyse the frame accurately because so much depends on the adequacy of the connections and field measurements on critical frame dimension. The size of members could not be taken at the time of this inspection. However, an approximate analysis using an estimate of frame dimensions was made to serve as an indication.

Our calculations and field observations indicate that the purlins and some members of the frame will not meet the snow

load requirement as stated in the Code. The wood plate under the frame leg is over stressed in compression. We believe that the foundation is inadequately designed to counteract the horizontal thrust from the frame leg and or the frost action which has caused the displacement of the foundation. The displacement of the foundation would also introduce undesirable stresses in the member of the frame.

Therefore, we can assume that during the life of the arena, the full design snow load has not been superimposed on the structure and or that the structural members are functioning under very little or no margin of safety.

Recommendations:

Two courses of action can be taken:

A. A complete rebuilding of the arena.

Replace entire roof and wall siding with galvanized steel. Ventilation by mechanical means should be provided to minimize moisture in the arena.

Provide an extra purlin between each existing pairs in the roof.

Take core sample of structural timber and carry out a more detailed structural analysis to determine the capacity of the existing frame. Strengthen and repair frames where required.

Provide new frames and roof for the office area.

Carry out proper soil investigation, redesign and replace the entire foundation.

It is recognized that the above alternate is impractical since the cost would approach that of a new arena without commensurate advantages. It is presented to indicate the magnitude of the completely repairing the arena to required safety and structural standards. The functional deficiencies of the arena, such as parking, size, drainage etc., would still remain.

B. Temporary measure to prolong the use of the arena.

1. Redesign and replace the entire foundation of the building.

2. Plug punctures in sheet metal roof and wall to watertight, ventilation by fan should be provided to minimize moisture in the arena.

3. It is absolutely necessary to remove accumulated snow from the roof prior to allowing the use of the arena.

4. Establish a regular and systematic inspection of the structural member by someone on staff, to detect early sign of distress, rot and further displacement of the foundations.

5. Replace or reinforce timber members having severe cracks and or sign of rot immediately. The above alternate should be considered if the arena is to be used for another 4 to 5

years. C. Immediate requirements to use arena when weather permits

1. Appoint a responsible local person to maintain a careful watch on the building to detect signs of distress.

2. Do not use arena when high wind prevails.

3. Remove snow from the roof before using arena.

We suggest that alternate C is the only practical course of action and that replacement should be considered before the 1971-72 season or the arena closed and dismantled.

It does not appear prudent from the standpoint of liability and safety, as well as costs necessary to attempt to prolong the life of the arena.

Respectfully submitted,

A. C. C. Wong, P. Eng.

Following the reading and discussion of the report, it was moved by Charles Brandon, seconded by Richard Parisotto that we continue to operate the arena as outlined in Section C of the Report and Mr. Siegmund Weiss be appointed to make weekly inspections on the arena. Further that the arena not be used when high winds prevail and snow be removed from the roof when necessary. Carried.

Richard Parisotto made a motion, seconded by Larry Scott that the report on the arena be made available to the public as received.

In attendance at this meeting were Reginald Booth, Chairman, Larry Scott, Vice-Chairman, Richard Parisotto, Acting Secretary, Norm Harrison, Doug Pritchard, Pat Campbell, Charles Brandon.

Because of the depth of snow on the roof, it was decided to close the arena down, until the snow was removed, in order that the arena would be useable for Winter Carnival weekend.

After the meeting was adjourned there was some discussion as to whether or not a broomball game which was slated to start immediately should be called off. Reg Booth Chairman felt it should be allowed to continue, but was unsupported by the members in attendance.

This turn of events brought the resignation from Reg Booth from the Arena Board. His resignation was submitted in writing to Mr. Richard Parisotto, Clerk of Anson, Hindon and Minden the following day.

\$\$\$

Have you ever wondered how your family's income compares to others or to the average family's? How much do you think the average urban family of four needs to get by these days?

According to the U.S. Department of Labor, it needs more than \$7,100 a year just to maintain a low (but adequate) standard of living. That's about \$550 more than it took just two years ago.

To maintain a "moderate" standard of living, the same family needs about \$11,000 and for a higher standard, nearly \$16,000 a year is required.

The three budgets were first reported on in 1967, and the current figures were compiled by applying the increased living costs, as measured by the Department's Bureau of Labor Statistics' consumer price index, to the items allowed for the imaginary family.

The budgets for 1969 were \$6,567 for the lower standard of living, \$10,077 for the moderate and \$14,589 for the higher standard.

The report stated that the manner of living in the lower budget differs from that in the moderate and higher budgets primarily in the specifications

KINMOUNT BANTAMS

TIE ONE — WIN ONE

On Tuesday night Kinmount Bantams tied Bobcaygeon 4 - 4. Scoring for Kinmount were Micheal Poppert with 2, Perry Simmons and Larry Silvers with one each.

Mrs. Emma Hancock, great aunt of Perry Simmons, who is in her 90th year was in attendance. Mrs. Hancock is an ardent hockey fan and she braved the cold rink and stood (as there are no seats) and watched some of the game.

On Thursday night Kinmount beat Fenelon Falls 12 to 0.

Scoring for Kinmount was Stephen Austin with 3, Frank Wilkinson with 2, Larry Silvers, Perry Simmons, Micheal Poppert, and Danny Byrnes with one each while Brent Handley scored two.

that the family lives in rental housing without air conditioning, performs more services for itself and utilizes free recreation facilities in the community.

Adjustments were made or for various cities throughout the country. For example, Anchorage, Alaska was the most expensive city in the U.S., followed by Honolulu, Hawaii and the San Francisco - Oakland, California area.

A Moonlight Ride Remembered

While racing may be the most exciting part of snowmobiling for many enthusiasts, and the aspect receiving the most publicity, this old adult has most fond memories of a much more sentimental endeavor.

Not that it was romantic by usual standards, but it was — nevertheless — A Moonlight Ride!

It began in a mundane way, as a "family test" of the new Mercury snowmobiles for 1971. Conducted late last winter thru a delightful woods in the Wisconsin hitherlands near that Brunswick division's Fond du Lac headquarters, it also seemed an ideal time to introduce wives of the staff to the fun of snowmobiling.

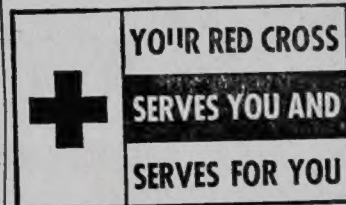

It was an unexpected pleasure!

... cool clear moonlight caressing the recently fallen top cover on the still-deep snow.

... a mixture of personalities, from the desk-bound and sophisticated to hard-nosed technicians and rugged outdoorsmen and women — all equally enchanted by the majestic grandeur of white birch frosted by fresh snow in the stark blue-white of the winter night.

Following thorough technical checks of the prototype machines, then an hour's smooth ride thru the woods, there was a simple—but delightful—campfire supper in the woods.

Then, after lingering coals had died out, each not so young couple took the longer way home, one machine behind the other cruising for two hours in the frosty, clear moonlight.

SENIOR CITIZEN ANGLING LICENCES AVAILABLE

All male residents of Ontario of 65 or more years of age are reminded that special free-of-charge Senior Citizens Angling Licences for 1971 may now be obtained at the following offices of the Department of Lands and Forests:

Apsley Deputy Chief Ranger Office, Gooderham Chief Ranger Office, Haliburton Deputy Chief Ranger Office, Minden Chief Ranger Office, Orono Provincial Tree Nursery, Balsam Lake Provincial Park, Presqu'ile Provincial Park, Darlington Provincial Park, District Office, Lindsay. Persons unable to visit any of these offices may apply by mail to the following address: District Forester, Department of Lands and Forests, 322 Kent St. West, Lindsay, Ontario.

Proof of age such as an old or current fishing or hunting licence must also be submitted. These will be returned if so desired with the free licence.

Male Senior Citizens are reminded that they must have this licence with them when fishing.

CARNIVAL QUEEN DOLL DRAW WINNER

The lucky winner of the Carnival Queen Doll, donated by Esther Shaver, was Mrs. Eleanor Hart of 226 Betty Ann Drive, Willowdale, Ont. The draw was made in the Arena on Sunday at 3.00 p.m.

PUBLISHER & EDITOR - ALAN GREIR

EDITORIAL

with Al Greir

THE WAY IT IS

The newspaper business is an interesting business. There is seldom time for a newspaperman to become bored, because time is the one commodity which is limited. However, in spite of this, the diversity of life revealed to a newspaperman, and the relationships which he is able to develop with people, compensates for the lack of leisure available to most other people.

In a small town such as we have here, you are constantly under the gun, for you associate directly with the readers on a very close basis. Sometimes they pat you on the back, sometimes they tear you apart. Each week it is the same story over and over again. Sometimes you feel like a yo yo, up and down, but when you walk the line of independence — there are never strings attached.

A responsible newspaperman becomes frustrated when his best efforts are nullified by circumstances beyond the control of the newspaper. Delivery to distant subscribers is one example. Too frequently, complaints are received from Toronto, London, Montreal and points in the United States concerning the late arrival of this newspaper. This is beyond our control.

The Progress is delivered to the Post Office in Minden in time for despatch each Wednesday. This has been the situation for years. We are assured by postal authorities here — and we believe it — that the newspaper is despatched on schedule. Somewhere along the line, misfortune sets in and The Progress is victimized, together with its subscriber.

To show you how important these long distant subscribers are, the clerk of the Municipality here received a cheque from one of our subscribers for \$100.00 from Webster N.Y. to be applied towards the new Community Centre fund. Thanks very much.

Generally, the rapport between this newspaper and the people who subscribe to it, is good. We like to keep our lines of communication open, and we welcome correspondence with our readers. We may not respond as quickly as we would like to, but this is due to a lack of time and not a lack of desire.

A newspaper is in a rather unique position. It can often be the heart, the soul and the sounding board of the community it represents. This is the function for which it has been designed.

In a sense, it is dependent upon the public for the revenue required to keep it strong, healthy and productive. Similarly, the community is also dependent upon the newspaper for the service it provides. It is only through the pages of the community paper that the largest section of the buying public can be reached with a degree of permanency.

The responsible newspaper should always endeavour to record the news of the community, establish a liaison between advertiser and potential buyer, and it should also add its weight to every worthy project. If there is occasion for constructive criticism, then the responsible newspaper should provide this as well, through the means of its editorial columns.

A newspaperman should never find his life dull nor unrewarding. If he does then he is not living up to his responsibilities. Frustrated, yes; in error, occasionally; but never dull nor unrewarding.

LETTERS TO THE EDITOR

Minden, Ont.

February 1, 1971

The Editor:

Dear Sir

Thank you for allowing me space in your paper. I had the pleasure of enjoying the Carnival again this year. I've attended Minden Winter Carnival for the past ten - odd years and this had to be the best one ever. My congratulations to all who planned and worked so hard towards this great success. Minden Carnival is the best and with continuing hard work of the many community-minded citizens will remain No. 1 in the Highlands for many years to come.

Another significant stride forward is council's decision to go ahead with the combined arena and community centre, if a certain amount of public funds are raised. This will keep Minden in step with towns of similar size and will be a very good drawing card in respect to tourism.

I would also like to pinpoint one aspect of the Winter Carnival. That is, the excellent bonspiel held at the Curling Club. I curled on Sunday and was immensely pleased with the warmth, hospitality and excellent food given us by the members of the Minden Club. This is something I've taken for granted over the years, but after curling in Haliburton's Carnival Bonspiel this year I realize this does not necessarily apply. Being from this area and knowing many of the curlers made it easier for me to socialize. However many out-of-town rinks were very disappointed in the lack of warmth and hospitality shown them at Haliburton. They expressed concern as to how their bonspiel could be a success when they were treated so shabbily. They also felt, as I did, that even though the food was good, it didn't warrant an entry fee of \$20.00 per rink. But it was the arrogance of a couple of Haliburton Club members that drew the ire of many curlers.

So to the members of the Minden Curling Club for their warmth and hospitality; the bonspiel convenors for their hard work and resulting success; and the ladies of the Club for the excellent meals, may I express on behalf of myself and my team our sincere congratulations. The spiel came off "without a hitch", and it certainly was a pleasure to be a part of it.

Keep it up Minden, you're in the lead so let's keep it that way.

Sincerely,

Dwight Thomas

R.R. 5 Cobourg, Ont.
January 29, 1971

Mr. Greir:

It is a pleasure for me to renew my subscription — may I compliment you on the very fine paper you have developed. Your editorial effort in connection with those many things that are of benefit to the community as a whole is most commendable.

I find that Fenwick Finch and Jeanne Sears are always interesting. Keep up the good work.

Sincerely
W. A. Kaye

jumps, and formation manoeuvres.

Talking about Massey-Ferguson, six-year-old Tim Pritchard of Minden was the lucky winner of the 1971 Ski-Whiz draw held on Saturday night. Congratulations Tim. (Make sure Dad asks permission to use it).

The parade was by far the best effort of the Carnival's history. Chairman Reg Welch did a fine job assembling a fine show.

The K and W Restaurant won first prize for their float, Stanhope Airport of Carnarvon was second and Cox's Apparel was

third. Congratulations winners, without your great effort the parade wouldn't have been such a success.

The Kinsmen took the Rotarians at the game of Tug-of-War on ice. That makes it two wins for the Kinsmen over the Rotarians.

The Sock-Hop at the school was a big success, thanks to Blair Bailey and his helpers.

So, all in all, it was a really good show — to all our visitors that helped make our Carnival a success, we say thank you — and until next year, the Happy Hylander wishes all of you happiness throughout the year.

ON YOUR MARK — GET SET GO — SAYS DON CAMPBELL AT THE SKATING RACES

SKATING RACES RESULTS

Don Campbell conducts the Winter Carnival Skating races each year, the following are the results:

Boys and Girls 6 and under — Danny Greir, Sandy Walker, Cathy Best.

Girls 6 and under — Sandy Walker, Cathy Best tied.

Boys 8 and under — Mark Greir, Paul Gueru, Danny Greir.

Girls and Boys 8 and under — Danny Greir, Sandy Walker, Cathy Best.

Boys 10 and under — David Brown, Tom Palmer, Corey Walker.

Girls 10 and under — Kelly Greir, Marie Collis, Erin Gilligan.

Boys 12 and under — David Brown, Kirk Coneybeare and Jerry Campbell tied for second.

Girls 12 and under — Janie Harvey, Susan Hope, Julie Griffiths.

Boys 14 and under — David Brown, Jerry Campbell, Tom Palmer.

Girls 14 and under — Karen McKenzie, Jody Campbell, Susan Hope.

Boys 8 and under skating both frontwards and backwards — Mark Greir, Paul Gueru, Danny Greir.

Girls 10 and under — Kelly Greir, Marie Collis, Erin Gilligan.

Boys 10 and under — David Brown, Tom Palmer, Mark Greir.

Girls 12 and under — Jody Campbell, Shirley Harrison, Susan Hope.

Boys 12 and under David Brown, Jerry Campbell, Tom Palmer. Girls open — Karen McKenzie, Jody Campbell, Ann Griffiths.

Boys Open — David Brown, Tom Palmer, Jerry Campbell.

Girls 14 and under skating frontwards and backwards — Karen McKenzie, Jody Campbell, Ann Griffiths.

HALIBURTON HUSKIES CLINCH FIRST PLACE

For the second consecutive year, the Haliburton Huskies have clinched a first place standing in the Central Ontario Junior D Hockey League. This year, with only 4 games remaining, the Huskies have compiled a magnificent 22 wins, 1 tie and 1 loss record. Although the competition has become increasingly stiffer over the season, the Huskies have come through in the clutch several times and proved that they are composed of a strong well balanced club. Injuries, sickness, conflicts with midget games have weakened the team during the past 2 weeks, but coach George Nichols feels that the club will hit their peak when the playoffs begin, in 2 weeks. The Huskies trounced Bancroft on Friday night 12 to 7.

The game in Haliburton with Lakefield was a very evenly matched game with the Huskies coming through in the second period, scoring 3 unanswered goals, to win the game.

The Huskies next game will be at home to Bancroft next Saturday night, and this should be a very good game. The Huskies will then travel to Lakefield Sunday night.

Be sure to see the last few games as the goaltenders trophy and the scoring trophy is on the line.

COACHES AND MANAGERS BEAT MIDGETS 11 - 8

Over Carnival weekend the coaches and managers of the Minor Hockey teams in Minden taught the Minden Midgets a lesson, and proved that the Midgets can still take a lesson or two.

The score 11 to 8 in favour of the coaches and managers was some indication of experience and finesse.

MINDEN OLD TIMERS SWAMP TEACHERS

In another exhibition hockey game on Carnival weekend, the Minden old timers swamped the teachers 8 to 1, before a large crowd.

The teachers gave it a good try, but didn't have the staying power to compete against some of the Minden old timers.

MINDEN TELSTARS WIN MOLSON TROPHY

In Broomball action over Carnival weekend it was the Minden Telstars who walked away with the Championship and the Molson trophy.

On Friday night the Highlanders eliminated the Horse Shoe Lakers by a score of 3 to 2. On Saturday morning the Minden Telstars eliminated the K & W by a close score of 3 to 2. And on Saturday afternoon the Highlanders defeated the Kinsmen Maulers 2 to 0.

On Sunday the final day of play the Telstars took the winning row and defeated the Highlanders 8 to 0 to win the silverware.

The scooter line of Nick, Jim and Don replied with 7 unanswered goals to clinch the Tournament and the Molson trophy.

NOVICE 'A' TEAM MAKES PLAYOFFS

On Tuesday night in Sunderland, Minden Novice A team, the Progress Newsies, gained a 2 - 2 tie to assure themselves of the sixth and last playoff spot.

After getting behind 2 to 0 in the first five minutes of play, Minden came on with a rush to completely outplay Sunderland and gain the tie.

Paul McKenzie scored Mindens first goal, then Tom Palmer tied the game up with a good effort from in front of the net.

JAM CAN CURLING WINNERS

There was plenty of action over Carnival weekend for the kids participating in the Jam Can Curling. The following are the winners: First — Lois Deacon (skip), Cathy Todd, Randy Anderson, Cathy Campbell. Second — Bob Beeney (skip), Peter Fearrey, Bill Hogg, Jeff Carpenter.

Third — Barry Ward (skip), Scott Harrison, Doug Roe, Bob Hyde.

Fourth — Dick Stouffer (skip), Paul Fleming, Kirk Conneymore, Chris Myles.

OBITUARY EDWARD TED POGUE

Edward Ted Pogue. Passed away in the Haliburton Red Cross Hospital on Monday, January 25, 1971, in his 86 year, after an illness of three weeks.

He was well known in Minden and vicinity, having farmed for a number of years at Deep Bay, on Gull Lake.

He enjoyed visiting and chatting with people and made many friends. He was a faithful member of Norland Baptist Church, attending regularly with his wife Bessie and son Floyd, where he will be greatly missed. The many beautiful flowers and gifts to the Bible Society and Heart Fund were a tribute to his life.

He is survived by his wife, the former Bessie Boice, a daughter (Eva) Mrs. Norman Hart of Toronto, a son Floyd at home, two Granddaughters, (Ann) Mrs. Tom Stewart and (Norma) Mrs. Wyane Baker, both of Toronto, two great Grandsons, two sisters (May) Mrs. Roy Hazelton of Oshawa and (Mary) Mrs. Ernie Windover of Minden, and a brother Albert of Minden.

The Funeral Service was held at the Funeral Home of John Welch and Son on January 27. To the Vault in Ingoldsby. Spring Interment in the Family plot in Minden Cemetery. The Service was conducted by the Rev. R. McLean of Norland Baptist Church.

The Pallbearers were Nelson Leary, Gordon Eason, Roy Windover, Harry Earle, Tom Stewart and Angus Cameron.

SIR SANDFORD PRESIDENT SERVING AS CHAIRMAN OF ONTARIO-WIDE COMMITTEE

Sir Sandford Fleming College president David B. Sutherland, of Peterborough this week was elected chairman of the Committee of Presidents of Ontario's colleges of applied arts and technology for 1971. He succeeds Dr. W. George Bowen, of Welland's Niagara College.

Purpose of the committee, which includes all presidents of the 20 colleges across the Province, is to help co-ordinate activities within the C.A.A.T. system.

Mr. Sutherland, who filled a series of posts at Ryerson Polytechnical Institute and was executive secretary of the Council of Regents during the formation of the College system in Ontario, was appointed first president of Sir Sandford Fleming in 1967. For the last two years, he was secretary-treasurer of the presidents' committee.

ABOUT THE TOWN

With Jeanne Sears

A new feature of this year's Winter Carnival was the carvings done by Arnold Coulter. These depict vehicles, not used so much in our day and the intricate details were outstanding. This display was in one of the Pine Shop windows and we noted many people crowded around this.

* * * *

Congratulations goes to the Carnival Queen Donna Berry chosen from the seventeen contestants with her attending Princesses being Linda Coneybeare and Anne Robertson.

* * * *

At the L.O.B.A. card party last week winners were Joyce Hewitt for cribbage, ladies euchre high Vera Ward, lone hand and mens high Gordon Kellett. After the games all enjoyed a social half hour and the delicious lunch served by the ladies.

* * * *

Again this year there was a Mall set up on the Main Street for Saturday, with displays of machines and one with Indian Crafts. Besides this the Guild of Fine Arts had a large display of Art and Crafts in the Council Chambers with people visiting and enjoying a cup of coffee.

* * * *

Monday was a happy occasion for Mr. and Mrs. Walter Noice who celebrated their 55th Wedding Anniversary. Congratulations.

* * * *

Two things in life

We should learn fast,

Make a little money first,

And make a little money last !!

Kathryn McGaughey

* * * *

A fine display of skill was shown by the team of Red Nites on their snowmobiles. These men in their red suits travel to various sections of Ontario showing how machines can be used in perfect formation.

* * * *

Patients at the local hospital on Monday were Mrs. Jean Taylor, Mrs. Rubina McKay, Mrs. Violet Henderson, Mrs. Lillian Miller, Mrs. May Voycey, Mrs. Elva Bates, Miss Donna Klein and James Anderson.

* * * *

The Astronauts are away safely on their trip to the Moon but have had some difficulty. Hope they have a safe journey and return to earth as planned.

* * * *

Hint of the week — When defrosting if you place the pan of hot water on top of a loaf pan in the freezer unit, this brings the heat to the top getting the ice away faster.

* * * *

Most people in the village had their families home for the Carnival if they didn't get caught in the blizzard near Toronto which we missed. However it was really cold and there were good crowds at all the events and meals served throughout the area.

Cheerio until next week.

OBITUARY

HENRIETTA RANSLEY

There passed away at Bobcaygeon Nursing Home, December 26, 1970, Henrietta Ransley, daughter of the late William Gainer and Margaret Barton in her 87th year. She was one of a family of eleven children.

She was born at Mountain Lake and lived in this area most of her lifetime.

Left to mourn her loss are 8 grandchildren, 6 great grandchildren and one great great granddaughter. Her daughters Ethel (Mrs. Everett Stamp) and Dorothy (Mrs. Wilbert Gibbs) predeceased her. Her sisters Elsi (Mrs. Wm. Sedgwick) of Lindsay and Evelyn (Mrs. Art Easton) of Rochester N.Y. also survive her.

Funeral Service was from Welch Funeral Chapel with the Rev. W. Oake conducting the service and she was taken to Ingoldsby Vault.

Pallbearers were Maurice Cooper, Glen and Cleve Stamp, Glen Smith, Frank Carlin and Jack Irvine.

SNOW SCULPTURE WINNERS

Snow Sculpturing was a fun-filled event at the Minden Winter Carnival, with many good entries. The winners were as follows: First prize for \$15.00 went to Austins Esso Service Station for their Curlier; 2nd prize for \$10.00 went to Walker's Lumber Company for their effort of Fred Flintstone; 3rd. prize for \$5.00 went to Tom Farmer for Smokey The Bear.

In the Snowman Contest, 1st. prize of \$10.00 went to Trudy Coulter and 2nd prize worth \$5.00 went to Kevin and Arthur Forbes.

MINDEN OPP REPORT TWO AREA ACCIDENTS

The Minden detachment of the OPP report two accidents over the weekend. On January 22 at 1:30 p.m. near Highway 35, at Moore's Falls, a pick-up truck driven by William Roy Bryant, 59, of Norland, was involved in a collision with a car driven by Gerald Allen Gillespie of RR 1, Norland. Damage to the vehicles was estimated at \$180. There were no injuries. Provincial Police Constable Barry Connelly investigated.

At 2:31 p.m. on January 24, Provincial Police Constable Michael Legge investigated a two-car accident on the Rock Lake Road, east of Wilberforce. The cars which received damages estimated at \$800, were driven by Charles Clarence Foster, 62, of Toronto, and Hurrel Russell Barrett, 41, of Hamilton. Minor injuries were suffered by a passenger in one of the vehicles.

Walter Safety says,
 "Avoid playing with
 air-inflated toys
 and inner tubes
 in the water.
 Keep them on the beach
 where they belong."

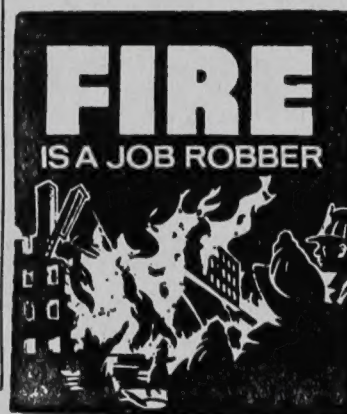

by Lorna Rogers

It's not often that a radio comedy show features the kind of talent one usually associates with high-priced TV shows. CBC Radio's Funny You Should Say That is an exception. Jonathan Winters, Godfrey Cambridge, Rich Little and Dennis Day have all been guests on this riotous Sunday show — and they didn't come because of the money! They came because it gave them a chance to 'do their thing' in front of a live audience in the company of polished professionals, regulars Joan Stuart, Ted Zeigler, Barrie Baldaro and Peter Cullen. Coming up soon, three talented members of Laugh-In will be guests on FYSST — Jo-Anne Worley (Feb. 7 and 14); Arte Johnson (Feb. 21 and 28); and Lily Tomlin (March 7 and 14). If you're in the Montreal area, you can find out about taping dates and tickets by phoning the CBC there.

Shaw fans are in for a treat February 6 when CBC Stage presents Dear Liar, a dramatized version of correspondence between GBS and the famous actress Mrs. Patrick Campbell, for whom he wrote the role of Eliza Doolittle in his play Pygmalion. Joan Gregson, former member of the Neptune Theatre company in Halifax, takes the part of Mrs. Campbell. British actor David Dodimead, who has taken the part of the Irish playwright in 22 countries, is GBS. He is a member of the Neptune company this season.

For listeners in Ontario only, there'll be comprehensive coverage of the Ontario P.C. Party Leadership Convention beginning with retiring Prime Minister Robarts' farewell speech on February 10, and winding up with the acceptance speech of his successor on February 12.

DECLARATION OF INDEPENDENCE

As a local businessman I want to tell you about my Independent Insurance Agency... you might call it a "Declaration of Independence". As a trained specialist in general insurance I have chosen to live here and serve my customers in the best way I know. To provide a wide range of service I place your insurance with the companies which can best suit your needs. Not just one company. After

all, your insurance and the valuables it is designed to protect are very special to you. I understand local conditions and am able to deal with insurance on homes, contents, cars, boats, cottages, for fire, burglary, and a variety of other perils which may involve your valuable possessions. Give me a call and I'll show you what I mean about an Independent Insurance agent.
